

SECTION 5: COUNTIES

SECCIÓN 5: CONDADOS

This section lists **agencies by county throughout the state of Illinois**, which provide services primarily outside of the Chicago metropolitan area. The listings are organized by county in alphabetical order. The legend below indicates the services offered.

In some counties, there are no HIV-specific services available; however, each county is part of one of six **Illinois Department of Public Health HIV Care Consortium**. At the end of this section, on **page 185**, there is contact information for the lead agency in each "Consortium", or local regional group. The lead agency listed under your consortium will be able to give you more detailed information on where you can go for services in your area.

En algunos condados no existen servicios disponibles específicos al VIH; sin embargo, cada condado es parte de **Consortio para el Cuidado del VIH del Departamento de Salud Pública de Illinois**. Consortio, en este caso, otro término que se refiere a un grupo de grupos regionales locales. Si no existen servicios en su condado, solo se listará el nombre de su "Consortio," o grupo regional local. En **la página 185**, existe información de contacto para la agencia principal de cada "Consortio" o grupo regional local. La agencia principal listada bajo su Consortio podrá proveerle información más detallada sobre a donde puede acudir para recibir servicios en su área.
